

**TEXAS ALLIANCE OF GROUNDWATER DISTRICTS**  
*Regular Business Meeting*  
October 29-30, 2013  
Cleburne Conference Center, Cleburne, Texas  
**AGENDA**

**TAGD Board Packet**  
**October 2013**

**Tuesday, October 29, 2013**

- A. Call to Order and Invocation – 1:00 p.m.
- B. Welcome to Cleburne, Joshua Grimes, General Manager, Prairielands GCD
- C. Speaker Sessions – GMA Focus
  - 1. Assessing DFC Status using Water Levels and Production Data: Joshua Grimes and James Beach
  - 2. GMA 8 Northern Trinity Woodbine GAM Update: Bill Mullican and Van Kelley
  - 3. GMA Update Series (first of a three-part series):
    - Caroline Runge, Chair, GMA 7
    - Eddy Daniel, Chair, GMA 8
    - Ron Fieseler, Chair, GMA 9
    - Rick Illgner, Chair, GMA 10
    - Gary Westbrook, Chair, GMA 12
- D. Roll Call
- E. Announcement of new members
- F. Discussion and possible action on minutes of prior meeting
- G. Discussion and possible action on Financial Reports and Budget
- H. Discussion and possible action on nominations for TAGD honorary membership
- I. Discussion and possible action on recommendation from Executive Committee regarding evaluation of Executive Director

**5:00 p.m. Networking reception and dinner at Caddo St. Grill (included with registration)**

**Wednesday, October 30, 2013**

- A. Call to Order – 8:30 a.m.
- B. Speaker Sessions
  - 1. *EAA v. Bragg*: Jim Bradbury
  - 2. Groundwater Profiling for Selective Extraction: Steve Walden and Debra Cerda
  - 3. Outreach and Education Roundtable:
    - Adeline Fox, High Plains UWCD #1
    - Robin Gary: Barton Springs/Edwards Aquifer CD
    - Jillian McDonald, Upper Trinity GCD
    - Todd Strait: Clearwater UWCD
- C. Executive Director's Report
- D. President's Report and Committee Roundtable
- E. Member Reports, GMA Reports, RWPG Reports, and Environmental Flows Updates
- F. Other TAGD Business
- G. Adjournment

***Thank you to our meeting host, Prairielands GCD! And special thanks to Upper Trinity GCD and Lone Star GCD for bring their educational trailers for our viewing!***

**Minutes of  
Regular Meeting  
TEXAS ALLIANCE OF GROUNDWATER DISTRICTS**  
August 27, 2013  
San Marcos Embassy Suites

These Minutes are a record of the items discussed, including motions on any matters that involve the TAGD Membership. The Minutes mostly follow the order on the previously distributed agenda, but may not have been discussed in that order, as noted in the Minutes.

- A. **Call to Order and Invocation.** President Kathy Turner Jones called the meeting to order at 9:12am. Gary Westbrook gave the invocation.
- B. **Roll Call.** Secretary Kirk Holland called the roll and informed the Chair there were 45 District Members in attendance, comprising a quorum; 2 additional District Members joined shortly after Roll Call. A list of the 47 GCDs represented at the meeting is attached as Attachment 1.
- C. **Discussion and possible action on minutes of prior meeting.** Joe B. Cooper made and Judy Parker seconded a motion to approve the minutes, and the motion passed unanimously.
- D. **Discussion and possible action on Financial Reports.** Steve Walthour directed the membership to the financial reports included in board packets. Ron Fieseler made and Mike McGuire seconded a motion to approve the reports, and the motion passed unanimously.
- E. **Discussion and possible action on membership in the Groundwater Management Districts Association.** Pursuant to the Bylaws amendments approved in item F. below, Steve Walthour submitted a request to join the Groundwater Management Districts Association, and referred members to the information included in board packets. He then made a motion to approve joining GMDA at organizational level. The motion was seconded by C.E. Williams, and the motion passed unanimously.
- F. **Discussion and possible action on Bylaws amendments.** Cindy Weatherby outlined the proposed Bylaws amendments offered by the Bylaws Committee. The amendments included specifications for TAGD offering financial or non-financial support to groundwater research or efforts, the process by which TAGD may become a member of another organization, the creation of an Honorary Membership level at TAGD, and a provision that TAGD endeavor to keep at least 50% of total budgeted expenses in reserves on an annual basis. Zach Holland made and Janet Adams seconded a motion to approve the Bylaws amendments as proposed, and the motion passed unanimously.
- G. **Discussion and possible action on contract for bookkeeping services with Lone Star GCD.** Kathy summarized the contractual relationship TAGD has with Lone Star GCD for bookkeeping services. Gary Westbrook made and Steve Walthour seconded a motion to renew the contract, and the motion passed unanimously.
- H. **Discussion and possible action on Texas Groundwater Summit.** Stacey provided an update on the 2013 Groundwater Summit, and recommended continuing the conference into 2014 and 2015. Zach Holland made and Gary Westbrook seconded a motion to authorize a 2-year conference production contract with Innovation Event Management to produce the Texas Groundwater Summit. The motion passed unanimously.

I. **Discussion and possible action on 2013-2014 District Membership dues, Associate Membership dues, and quarterly meeting registration fees.** This item was taken up with three separate votes.

- Quarterly meeting registration fees. Stacey made outlined the proposed adjustment to registration fees for the next fiscal year that were approved by the Executive Committee earlier in the month. Over the past year, more attendees have been participating in the happy hour reception prior to the dinner and skipping the dinner itself, creating planning and organizational challenges for TAGD staff. Because most of the “networking” happens during the happy hour reception, and in an effort to streamline/add certainty to costs, Stacey recommended eliminating the separate dinner option, but incorporating an actual TAGD reception with heavy hors d'oeuvres at each quarterly TAGD meeting. The per person cost of the reception would be included in the cost of meeting registration. To further ease planning efforts, Stacey the proposal includes a slight increase to late registration costs, with the hope that more people will register early. Proposed registration fees for the FY 13-14 year are:
  - TAGD Member Registration (Early Bird Rate): \$120
  - TAGD Member Registration (Late Rate): \$150
  - Non-TAGD Member Registration (Early Bird Rate): \$165
  - Non-TAGD Member Registration (Early Bird Rate): \$195

Judy Parker made and C.E. Williams seconded a motion to approve the proposed quarterly meeting registration fees. The motion passed unanimously.

- New TAGD employee. Stacey outlined three options for membership dues to meet budget needs, as approved for distribution by the Executive Committee. Stacey explained that the budget increase was due to funds necessary to hire a prospective Program Director. Steve Walthour and Gary Westbrook stated that TAGD could absolutely benefit from another staff person, and it would help all GCDs. LG Raun made and Roy Rodgers seconded a motion to authorize TAGD’s Executive Director to hire an employee consistent with the proposed budget, and the motion passed unanimously.
- Membership dues. The members then began a lengthy discussion on which of the dues options would best support TAGD’s budget needs without overburdening TAGD members. Option #1 is based on a GCD’s budget, and Zach Holland asked whether one-year capital expenditures would be included in the calculated budget amount. Steve Walthour said that GCDs should exclude one-year “budget busters”, and Stacey noted that it would be up to each individual GCD to determine and define its budget. Kirk Holland expressed support for the budget option, explaining that because a lot of ideas come from smaller GCDs, he would regret having a system that might exclude smaller GCDs, such as presented in Option #2 (across the board \$1,000 dues). Leah Adams also expressed support for a dues increase, but asked about GCDs that may have already budgeted the previous dues amount for this calendar year, and Kathy Turner Jones said TAGD would work with GCDs that did not have the amount in their current budget. Dirk asked whether TAGD considered one option for GCD members and another option for associate members. Though no one had comments on that option, C.E. Williams noted that under Option #1 as presented, GCDs with the smallest budget would not see an increase in their dues. He suggested a \$50 increase for GCDs with the smallest budgets so all GCDs would see some increase in membership dues. Cindy Weatherby commented that she preferred Option #1 as presented, and expressed

concern that any increase for small GCDs might result in a loss of members. Roy Rodgers noted that the \$1000 across the board option (Option #2) would probably exclude his GCD from being TAGD members, as it would be 6% of his budget. Harvey Everheart expressed support for TAGD and the proposed dues increase. C.E. then made a motion to amend Option #1 so that the lowest GCD budgets would be required to pay \$550, keep the other dues tiers as presented, and adopt Option #1 as amended. Scott Holland seconded the motion. Kathy called for a vote, and 10 members were opposed. Many who opposed the motion seem to do so on the basis of the \$50 increase for the small-budget GCDs. Ron Gertson requested a record vote. Thirty-five members voted in favor of Option #1, as amended, and 11 members voted against Option #1, as amended. There were no abstentions recorded. The motion passed.

- J. **Discussion and possible action on 2013-2014 Annual Budget.** Steve Walthour made a motion to accept the proposed budget with Option #1, as amended. Zach Holland seconded the motion and it passed unanimously.
- K. **Discussion and possible action on 2014 TAGD quarterly meetings.** Stacey noted that IEM would be conducting TGS evaluations and TAGD would be updating the TAGD meeting survey in order to gain some insight for the best dates/venues for 2014 TAGD meetings. Gary moved and Jim Polonis seconded a motion to authorize the Executive Committee to select date and venue specifics after conference evaluations were complete. The motion passed unanimously.
- L. **Discussion and possible action on creation of TAGD Management Plan.** No discussion or action.
- M. **Election of Officers and Executive Committee members for the next two fiscal years.** Janet Adams outlined the slate of officers recommended by the Nominations Committee and made a motion to elect those officers for the 2013-2015 term. Janet Guthrie seconded the motion and it passed unanimously. After the TAGD areas held elections where necessary, the Executive Committee is as follows:
- President - Kathy Turner Jones - Upper Gulf Coast
  - Vice-President - Bob Patterson - North Texas
  - Treasurer - Steve Walthour - Ogallala
  - Secretary - Leah Adams - Upper Carrizo
  - Parliamentarian - Zach Holland - Upper Gulf Coast
  - Past-President - Janet Adams - Far West Texas
  - Tim Andruss - Lower Gulf Coast
  - Ron Fieseler - Lower Edwards Trinity
  - Jim Polonis - Upper Edwards Trinity
  - Greg Sengelmann - Edwards Carrizo
- N. Committee Reports.
- **Executive Director.** Stacey Steinbach referred members to the Executive Director's report.
  - **Groundwater Protection.** David Van Dresar gave an overview of the Texas Groundwater Protection Committee, which is made up of various agencies across the state. He noted the Committee's next meeting would be September 10th at 1pm. At the previous meeting on July 17th, the Committee discussed the 83rd Legislative Session

and current groundwater classification systems across the state. David noted that some legislation proposed to classify groundwater in a manner that would impact a GCD's ability to manage aquifers, and said that the Committee would be urging agencies and legislators to utilize its system so that classification could be streamlined and all groundwater management needs would be included.

- **Executive Committee.** Kathy Turner Jones referred members to the approved minutes of recent Executive Committee meetings and encouraged questions from those who have them.
- **Information & Education.** No activity reported.
- **Legislative Committee.** David encouraged members to read Stacey's wrap up included in board packets. Kathy suggested making the report into a handout or some sort of deliverable for the website.
- **Railroad.** Bob Patterson gave a summary of a recent informal meeting at the Railroad Commission on the draft disposal/injection well rules. The process of developing the rules has been a lengthy one, with steps forward and backward along the way, including a re-start of the rulemaking in January. On the positive side, it does look like permit applicants will be required to notify GCDs of some applications, but many GCDs still have concerns with the current draft, including how underground sources of drinking water will be protected. He noted that GCDs may submit written comments on the rules until September 12th, and encouraged members to get involved in the process. Harvey Everheart noted that RRC would be holding another informal meeting in Midland on September 4th. Joe B. Cooper stated that he and three other TAGD members took a tour of the RRC's groundwater office while they were at the meeting in Austin. He noted that much of the data being used by that office is outdated, an important consideration when employees in that office are determining surface casing and other well specifications. He encouraged TAGD members to share data with RRC and work with groundwater staff to make sure all potential underground sources of drinking water would be protected. Joe said the employees essentially protect brackish groundwater to 3,000 mg/L ppm, but are willing to make a note of water up to 8,000 mg/L ppm that is being treated and used and take that data into account when applications come in. GCDs can do a lot by sharing information with RRC, he said
- **Bylaws Committee.** With the adoption of the Bylaws amendments, Cindy Weatherby had nothing new to report.
- **Aquifer Storage and Recovery.** David Mauk gave a summary of a recent environmental flows stakeholder meeting in Seguin. He noted that he has seen some interest in doing ASR in that area, and that environmental flows stakeholders should be talking about what that might mean in their context.
- **Drought Preparedness.** David Van Dresar noted that there are currently 1,080 public water systems (out of 4,656) that are implementing some form of drought contingency plan. As it relates to watering restrictions, 740 PWSs are implementing mandatory restrictions (471 of those systems are on groundwater) and 340 are implementing voluntary restrictions (152 of those systems are on groundwater). Almost the entire state (97%) is in some stage of drought. At this time last year at this time only 89% of the state was in some stage of drought. The good news is that the map shows we're in better shape than originally thought except for areas of south Texas and the panhandle. David encouraged members to contact TCEQ if they know of systems having problems. He also reminded members to respond to his requesting drought information from member GCDs so he could report back to the committee next week.

- **Soil & Water Conservation.** No report.

O. Member and Group Reports

- **GCD Reports:** Stacey introduced Peggy Jones, a director of the Edwards Aquifer Authority.
- **GMA Reports:** None
- **RWPG Reports:** None
- **Environmental Flows Advisory Group Reports:** None

P. **Other TAGD Business.** None.

Q. **Adjournment:** Without objection, Kathy Jones adjourned the meeting at 11:17am.

Prepared and submitted by Stacey Steinbach, Executive Director, Kirk Holland, past-Secretary, and Leah Adams, Secretary

**TEXAS ALLIANCE OF GROUNDWATER DISTRICTS**  
*Summary Minutes of Executive Committee Meetings and Votes*  
**September 20-23, 2013 (Via Electronic Vote)**  
**October 9, 2013 (Via Conference Call)**  
**October 11, 2013 (Via Conference Call)**  
**October 21-22, 2012 (Via Electronic Vote)**

These summary-level minutes are a record of the items discussed, including motions on any matters that involve or are referred to the TAGD membership. This summary does not necessarily reflect the order in which such discussions took place.

**Summary of minutes from Executive Committee E-mail Discussion September 20-23, 2013**

Between September 20 and 23, 2013, the Executive committee approved, via e-mail, (1) a contract with the San Marcos Embassy Suites to host the 2014 Texas Groundwater Summit August 26-28, 2014 and (2) a new membership application from Canadian River Municipal Water Authority.

**Summary of minutes from Executive Committee Conference Call on October 9, 2013, 10am**

Executive Committee members on the call: Zach Holland, Bob Patterson, Tim Andruss, Janet Adams, Kathy Turner Jones, Jim Polonis, Steve Walthour  
Absent: Greg Sengelmann, Ron Fieseler, Leah Adams  
Also on the call: Joe B. Cooper, Kirk Holland

1. New membership applications

Janet made and Jim seconded a motion to accept new membership applications from Brewster County GCD, Greg Ellis, and Debra Cerda. The motion passed unanimously.

2. 2014 Membership due increase waiver from HTGCD

After a lengthy discussion, the committee ultimately expressed a concern about possible precedent associated with waiving membership dues. Janet made and Bob seconded a motion to offer a deferment of the increased dues (\$250) until the GCD's 2014 fiscal year, but not offer a complete waiver of that amount. It's possible that TAGD members could assist in helping with those costs.

3. Developing an Executive Committee electronic voting policy (discussion item only)  
Stacey will work on developing a uniform policy for electronic voting and bring it to the Executive Committee.

4. Creating of a "brackish groundwater and permitting" subcommittee

This item was tabled; Stacey will develop a short paper on this concept and send it to

the Executive Committee for discussion/vote on October 11th at 9am.

5. Scheduling the next two TAGD quarterly meetings and choosing a venue (see attached information from Austin Marriott South)

Stacey received nearly identical proposals from the Crowne Plaza Austin and the Austin Marriott South (the Marriott nightly rate would be \$10/night higher than the CP rate). She reported to the committee that, according to the meeting survey, an equal number of people wanted to stay at the Crowne Plaza and move to another hotel in 2014. She also reported that while she did not have a specific recommendation for which hotel to choose, TAGD's experience with the Crowne Plaza in May 2013 was negative (though the sales manager has been working hard to get TAGD back in 2014). Steve made and Zach seconded a motion to approve entering into a contract with the Austin Marriott South for the 2014 Austin TAGD quarterly meetings. The motion passed unanimously. Then Jim made and Bob seconded a motion to keep the current February/May meetings schedule. The motion passed unanimously.

6. Honorary Membership nominations update

Per the Bylaws, Leah and Stacey have received one nomination for an honorary membership with TAGD: Richard Bowers. Janet made and Zach seconded a motion to approve the nomination. The motion passed unanimously. The nomination will be presented to the general membership for a vote at the October TAGD meeting.

7. Update from Executive Director

(None given on call; but provided in draft of minutes).

- The final numbers from TGS13 are in and TAGD made over \$27,000. Our 2012/2013 annual budget called for us dipping into our reserve funds in the amount of \$26,188.25. However, our success at the summit, delaying the office acquisition, and saving money on quarterly meetings allowed us to have a net profit for the year of \$10,892.76!
- We have booked the Embassy Suites again for August 26-28, 2014, so mark your calendars (and make your hotel reservations).
- TAGD has offered the position of program director to Carolyn Cadena, a recent law school grad with some experience in Texas water issues. She is passionate about water and non-profit work, and will be starting at TAGD in mid-November. To start, she will be updating the GCD database, writing articles for our website, and working on legislative issues.
- TAGD has an office! It is located at 4009 Banister suite 355, about 5 miles south of the Capitol. It is a small single office where Carolyn and I can co-work, and it also has access to a conference room that we can reserve. Rent is \$465/month and includes utilities other than phone/internet.

8. Other matters before the Executive Committee

None.

## Summary of minutes from Executive Committee Conference Call on October 11, 2013, 9am

Members on the call: Leah Adams, Kathy Turner Jones, Tim Andruss, Janet Adams, Zach Holland, Bob Patterson, Steve Walthour, Jim Polonis

Absent: Greg Senglemann, Ron Fieseler

Also on the call: Joe B. Cooper, C.E. Williams, Kirk Holland

### 1. Discussion/possible action on fall 2014 TAGD meeting

Stacey reported that Kenedy County GCD and Brush Country GCD have expressed interest in hosting the fall 2014 meeting. One option for meeting location would be the King Ranch Conference Center. Zach made and Bob seconded a motion to approve Kenedy County GCD and Brush Country GCD as the hosts of TAGD's fall 2014 meeting; the motion passed unanimously.

### 2. Discussion/possible action on multiple registration discounts for TAGD quarterly meetings

Stacey noted that GCDs who host fall quarterly TAGD meetings often register numerous employees, board members, and community leaders for the meeting, increasing expenses for the hosting GCD, particularly when GCD staff supports TAGD in planning and working the meeting. After considering various potential options for providing some relief to the registration expenses, Stacey recommended TAGD provide two free badges to the hosting GCD to use however the GCD desires. Janet made and Steve seconded such a motion and the motion passed unanimously.

### 3. Continuation of "creating of a "brackish groundwater and permitting" subcommittee" agenda item

After compiling the suggestions and comments from the earlier conference call, Stacey recommended that TAGD create four subcommittees of the Legislative Committee, to address the following areas:

1. Brackish groundwater and permitting
2. Oil and gas and groundwater
3. Well construction standards and enforcement
4. Groundwater use reporting

Stacey further recommended that these subcommittees would serve to guide TAGD as it participates in various stakeholder groups as well as allow TAGD to update members on the progress of those activities. In addition and as necessary, each subcommittee may work on drafting its own statutory language for proposing during the legislative session, subject to approval by the membership in accordance with TAGD's Legislative Policy. TAGD's ED would make recommendations to the President as to members of each subcommittee, including a limited number of associate members, after which TAGD's President would appoint the chair and members for each.

The committee held a lengthy discussion on this item. Tim questioned whether TAGD could simply use the currently existing Legislative Committee for these activities, and expressed concern about the creation of new committees of restricted membership appointed by the TAGD President, including associate members, in lieu of the Legislative Committee which is only restricted to GCD members, for the purpose of considering and provide guidance to the TAGD ED and drafting of proposed legislation on major policy matters such as permitting, groundwater, enforcement, and reporting. Other members noted that there would be a benefit to having a group of members on each committee that are dedicated to working on that issue, and that there is a benefit to having subcommittees in order to highlight and distinguish the work we're doing. The committee also expressed support for the addition of associate members, and discussed whether they can currently participate on the Legislative Committee. The Bylaws state that formal committee membership is "normally" limited to district members. Some members noted that including associate members would allow for a more efficient process for working on these issues.

Zach made and Jim P. seconded a motion to implement the recommendation of the Executive Director.

Aye: Leah, Kathy, Janet, Zach, Bob, Steve, Jim P.

Nay: Tim

### **Summary of minutes from Executive Committee E-mail Discussion October 21-22, 2013**

Between October 21 and 22, 2013, the Executive committee approved, via e-mail, (1) the above summary of minutes document and (2) a new membership application from Barbara Payne with Save Water Texas.

**TEXAS ALLIANCE OF GROUNDWATER DISTRICTS**  
*Draft Summary Minutes of Executive Committee Meetings and Votes*  
**October 16, 2013 (Via Conference Call)**

**Draft from Kathy Turner Jones**

These summary-level minutes are a record of the items discussed, including motions on any matters that involve or are referred to the TAGD membership. This summary does not necessarily reflect the order in which such discussions took place.

Members on the call: Zach Holland, Janet Adams, Bob Patterson, Leah Adams, Kathy Turner Jones, and Steve Walthour

Absent: Jim Polonis, Tim Andruss, and Greg Sengelmann

Also on the call: Kirk Holland

The executive committee met via conference call to evaluate TAGD's ED and approve a salary recommendation for the 2013/2014 budget for approval by the membership at the October quarterly meeting in Cleburne, TX. The executive committee's evaluation of the ED was overwhelming positive with numerous praises for efforts exceeding expectations and diligence on behalf of TAGD during the legislative session. The committee added, with the addition of an assistant, the ED will be expected to delegate administrative responsibilities to staff and the membership where needed.

Steve Walthour motioned to recommended amending the 2013-2014 budget (if necessary) to include a 7.7% (\$5,000) salary increase for the ED. The motion was seconded by Janet Adams and passed unanimously.

---

## Executive Director's Report - October 2013 TAGD meeting

### **Administrative and Financial**

Welcome to our new Officers and Executive Committee members! As you know, TAGD members elected a new slate of officers at the annual meeting in August. Our new Executive Committee (with corresponding TAGD areas) is as follows:

#### **TAGD Officers**

- President: Kathy Turner Jones (Upper Gulf Coast)
- Vice President: Bob Patterson (North Texas)
- Treasurer: Steve Walthour (Ogallala)
- Secretary: Leah Adams (Upper Carrizo)
- Parliamentarian: Zach Holland (Upper Gulf Coast)
- Past President: Janet Adams (Far West Texas)

#### **TAGD Area Representatives**

- Greg Sengelmann (Edwards Carrizo)
- Ron Fieseler (Lower Edwards-Trinity)
- Tim Andruss (Lower Gulf Coast)
- Jim Polonis (Upper Edwards Trinity)

The committee has already been working on issues related to our 2014 TAGD meetings and the interim session. Minutes of those calls/e-mails are included in member packets. Again, sincerest thanks to our outgoing officers and Executive Committee members, including David Van Dresar, Kirk Holland, Cindy Weatherby, Jim Conkwright, Gary Westbrook, and Joe B. Cooper.

If you haven't yet, please let me know if you would like to participate on any of our standing TAGD committees (listed on the website). We ask for new volunteers after each TAGD election, so our President will be appointing committee chairs next month and I will be updating the webpage with current members. If you previously signed up for a committee, you still need to let me know of your continued interest! I encourage you to participate and am looking forward to getting more active with some of our committees now that TAGD has additional staff support (see below).

As it relates to our current financial situation, I have included 4th quarter financials in member packets, as well as a budget comparison spreadsheet showing our 2012-2013 budget, our 2012-2013 actuals, and our 2013-2014 budget. As you can see, the last fiscal year was a good year for TAGD. We planned on taking more than \$25,000 from reserves, but actually did not use any reserves and instead made over \$8,000 for the year, giving us over \$130,000 in assets.

As you all know, the membership approved the addition of a new TAGD staff member to help with the increased workloads as our organization continues to grow in scope and size. I am happy to announce that TAGD has hired recent law graduate Carolyn Cadena to join our staff as a Program Director. Carolyn has experience with southwestern water issues and has worked for a United States representative in Washington D.C. More importantly, she has a passion for Texas water issues and non-profit work, and I am very excited to have her on board. While she

won't officially start until mid-November, Carolyn will be at the October TAGD meeting so that she can start getting to know some of you.

## **Membership**

As you all know, we restructured our membership dues at the annual meeting in August in order to support the Program Director position. Response so far has been positive and we have already reached 70% of our planned participation, right on par with this time last year. Forms are due by November 1st, and 60 GCD members and 10 Associate members have sent in their renewal forms so far. We also have added one new GCD member and 4 new associate members this fiscal year! Their membership applications are included in member packets.

One of Carolyn's first tasks will be to update our membership lists and get a downloaded membership list on our "members only" page. We will also again start the process of updating our GCD Database, and making it an even stronger tool for GCDs and the public. If you have any suggestions for additional categories of information, please let me know. We have had some recent questions related to general salary information, so we may add that metric (but keep it off the website version) if you all think it will help in your own budget preparations.

For this meeting, we have one nomination for an honorary TAGD membership: Richard Bowers, two-time past TAGD president, original TAGD member, and long-time supporter of this organization.

## **Legislative and Agency Matters**

As many of you know, the issues that were left pending at the end of the 83rd Legislative Session have not gone away. We expect interim charges to be announced any day now, and many of those for the House and Senate Natural Resources Committees will likely include a look at groundwater management. In addition, numerous stakeholder groups have sprouted up recently to address issues such as brackish groundwater management and permitting certainty, including committees at Texas Water Conservation Association and the Texas Desalination Association.

It is TAGD's plan to participate on these stakeholder groups, with the hope that consensus among all stakeholders can be reached before session. To do that, I will need feedback and participation from TAGD members on these issues. We also need to be proactive and work toward our own proposals in the event those stakeholder groups fail.

TAGD's president and I have had numerous discussions about the best manner in which to get member feedback and ensure TAGD's participation is representative of the organization, as well as kickstart our own process at identifying potential solutions. Two weeks ago, the Executive Committee held two conference calls to further discuss options. After compiling the suggestions and comments from the committee, I made a recommendation that TAGD create four subcommittees of the Legislative Committee, to address the following areas:

1. Brackish groundwater and permitting
2. Oil and gas and groundwater
3. Well construction standards and enforcement
4. Groundwater use reporting

These subcommittees would serve to guide TAGD as it participates in various stakeholder groups as well as allow TAGD to update members on the progress of those activities. In addition and as necessary, each subcommittee could work on drafting its own statutory

language or position statements for use during the legislative session, subject to approval by the membership in accordance with TAGD's Legislative Policy.

As for membership on these subcommittees, TAGD's ED would make member recommendations to the President, including a limited number of associate members, after which TAGD's President would appoint the chair and members for each. We would like to keep the numbers manageable, but no one would be turned away from participating, so please let me know if you are interested. It is very important that members participate and engage throughout the whole process so that we can best utilize these subcommittees in the most efficient, effective, and substantive manner possible. I will use our google groups for regular updates and meeting notices for those who would prefer updates.

As you all know, Bob Patterson (Legislative Committee Chair) has called a committee meeting for 10am on October 29th in Cleburne – just before the start of the regular TAGD meeting – to further discuss this setup.

### **Outreach and Education**

In September, I spoke at three events: the Texas Aggregates and Concrete Association's Annual Environmental Seminar in San Antonio, the Texas Desal 2013 Conference in Austin, and the Farm and Food Leadership Conference in Bastrop. I continue to serve on the Water Conservation Advisory Council and attend monthly meetings.

With the help of Carolyn and our outreach and education committee, TAGD will be jumpstarting its outreach and education efforts in the coming year. I am looking forward to hearing from some of our outreach and education experts at the October meeting, and please make sure to take a tour of the conservation trailers that will be inside the conference room. Thank you to Lone Star GCD and Upper Trinity GCD for bringing them!

### **TAGD Meetings**

The 2013 Texas Groundwater Summit was a great success. Conference evaluations were overwhelmingly positive on both the overall program and the San Marcos Embassy Suites. Based on those reports and the TAGD conference survey results, we have already booked that hotel for TGS14, to be held August 26-29, 2014. Overall, we had 326 total attendees, 11 sponsors, and 15 exhibitors. We are looking forward to increasing exhibitor numbers in 2014, now that we have a great exhibitor layout. Total net revenue for the summit was \$26,147.31, much higher than our budgeted amount of \$15,000, but down from our 2012 revenue. There were three reasons for the reduced amount: slightly fewer paid attendees, more early registrations (though this fact is a good one overall, as it shows that people are planning early to attend), and a slightly higher hotel bill (\$5,000). We have plans to address all of these factors in 2014, and as always welcome any additional feedback you may have.

Response to our October TAGD meeting next week in Cleburne has been very positive. We will have more than 65 attendees at the meeting, including some local leaders and officials, thanks to outreach efforts by Josh Grimes with Prairielands GCD. We are very excited to be at the Cleburne Conference Center and Liberty Hotel there and are grateful to Prairielands GCD for hosting us. Don't forget to join us at our networking dinner at the Caddo Street Grill – included in your registration fees! We are also excited about our new GMA series beginning at this meeting. For the next three meetings, we will have GMA chairs report on their efforts and the status of their planning processes in order to allow GMAs to better share their work and ideas among TAGD members.

As for our 2014 TAGD meetings, the TAGD conference survey showed greatest support for the current meeting schedule of late-February, late-May, late-August, and late-October and the Austin, Austin, San Marcos, hosting GCD schedule in 2014, so we will continue that format. Members did not express a strong preference for the location of the Austin quarterly meetings in February and May, so we are going to try a new venue next year. We are working on a contract with the South Austin Marriot, as it gave us a proposal very similar to those we received from the Crowne Plaza for 2014. It is a great hotel and location, and I am looking forward to us being there next year. Finally, Andy Garza with Kenedy County GCD recently approached us about hosting the October 2014 meeting in Kingsville. The Executive Committee unanimously voted to support that location, so we will be heading to Kingsville next fall! I am looking forward to working with hosting GCDs Kenedy County GCD and Brush Country GCD on that event.
