The Texas Alliance of Groundwater Districts is pleased to present a free educational webinar for TAGD members and the greater water community. OpenET is a collaborative effort to develop an online platform for mapping evapotranspiration (ET) at the scale of individual fields. Join the upcoming webinar to learn more about OpenET and how **YOU** can use it to manage water resources. Visit www.openETdata.org for more info.

Presenters:

Robyn Grimm, Environmental Defense Fund
Forrest Melton, NASA/CSU Monterey Bay
Justin Huntington, Desert Research Institute
