"An Equal Opportunity Employer"

The Wintergarden Groundwater Conservation District (the "District") Board of Directors is requesting information from qualified parties regarding their abilities, experiences, and professional credentials relevant to providing professional services related to groundwater management and hydrogeology. Fee schedules, hourly rates, or other cost information shall not be submitted and will not be considered as part of this request.

Scope of services to be considered include assisting the General Manager and Board of Directors with studies, programs, and technical assistance related to research, data collection, and analysis of aquifer systems within the District (Dimmit, La Salle, and Zavala Counties.) Studies, programs and technical assistance include the following:

- Aquifer recharge;
- Water quality analysis;
- Water well monitoring;
- Numerical and conceptual modeling;
- Technical review of water well permit applications providing scientific and technical reports, and providing professional opinions regarding activities that may impact groundwater resources within the District;
- Assist in developing regulatory requirements for the District for groundwater management;
- Technical assistance in providing data for Annual Report to the Board of Directors;
- Attending GCD meetings, Groundwater Management Area meetings, and Regional Water Planning Meetings as needed;
- Technical review of applications for permits filed with the Texas Railroad Commission (RRC) for injection wells, reclamation facilities and pits, and to participate in RRC hearings related to protests filed by the GCD; and
- Provide other scientific and technical reports and advice as required by the General Manager or Board of Directors.

The District intends to evaluate respondents and select the most qualified firm or firms based solely on demonstrated competence and qualifications in accordance with the Texas Professional Services Procurement Act, Texas Government Code Chapter 2254, and to negotiate a fair and reasonable fee for services after selection.

Please provide information to the District no later than February 10, 2026, via our email wgcd@wgcd.net or U. S. Mail, Wintergarden Groundwater Conservation District, P. O. Box 1433, Carrizo Springs, TX 78834.
